Slaughter Pig Marketing Summary

(Ref Weekly Tribune)

This week
<p>Factory reliability continues to be the "Achilles Heel" in the supply chain and is currently exacerbated by the swathe of massive pigs exposing any weakness in slaughter lines. These breakdowns have caused many hundreds to be rolled and heaped more pressure on an already beleaguered production base. Conditions on farm continue to deteriorate, and the mental wellbeing of farmers and farm staff is of increasing concern. Prices continue to ease back with poor demand reported by many outlets. The cull sow trade was severely hampered by processing issues in Germany, with minimal numbers required as a result. European markets were similar, except for Holland (+5.5c). The Euro eased slightly and ended the week down 0.45p at 83.18p.</p>

Weaner Marketing Summary

w/c 23/01/22
<p>The weaner market is becoming stagnant as the backlog is compromising unit turnaround. This is causing major issues on breeding farms who are having to cope with retaining piglets until grower space becomes available. The AHDB issued a &kg weighted average weaner price on £33.78 but there was insufficient data for the AHDB to calculate a 30kg store price.</p>
