Slaughter Pig Marketing Summary

(Ref Weekly Tribune)

This week
<p>Factory reliability was shockingly bad this week, frustrating attempts by the supply side of industry to get on top of the backlog. Patience is wearing thin amongst producers and hauliers alike, as factories limp from one crisis to the next. Prices eased back and the SPP fell to a 3-year low, down 1.28p at 137.49p. Producer worries increased as costs soared on the back of record highs in wheat, fuelled by the crisis in Ukraine. Fresh meat sales were very poor, with minimal demand reported from many outlets. The only "bright" spot of the day was another improvement in the cull sow price. The green shoots of recovery are now showing strongly in Europe – Germany +7 eurocents, Holland +10, Belgium +9 and Spain +5. The Euro strengthened and ended the week up 0.32p at 83.74p.</p>

Weaner Marketing Summary

w/c 20/02/22
<p>The weaner market remains badly compromised by the slaughter backlog. Unit turnrounds are delayed and the ensuing backup on breeding farms are causing some major headaches. The AHDB announced a 7kg weaner weighted average price of £33.95.</p>
