Spain	147.12	+ 6.47

Slaughter Pig Marketing Summary

(Ref Weekly Tribune)

This week
Market momentum continued this week with substantial price rises from all quarters. A couple of the majors added 30p to their inputs, while others improved 10p to 15p. These increases will feed into the SPP, ensuring that the whole market benefits. While increases are very welcome, pressure must be kept on the retail sector to return more back down the supply chain, as cost of production is now estimated to be north of £2. European prices rose strongly again giving impetus to our cull sow prices and putting the brake on cheap imports.

Weaner Marketing Summary

w/c 13/03/22
The weaner market remains with little interest due to the high feed costs. It is hoped that improved slaughter returns may rekindle some interest. The AHDB announced a weighted average 7kg weaner price at £32.85.
