Slaughter Pig Marketing Summary

(Ref Weekly Tribune)

This week
The week stuttered slightly with factory issues and the echo of the Easter break taking the shine off market momentum. Prices were helped by another large rise in the SPP – up 4.01p at 161.74p, but contract contributions stood on. Supplies remained ample although average weights now seem to be easing. The fresh meat sector was a touch more buoyant, encouraged by decent demand in the wake of a warm Easter which has rekindled barbecue trade. Conditions improved in the cull sow market with volumes back to near normal but prices were stand on. In Europe, both Spain and France breached the 2 Euro mark, and there were additional good increases in Ireland and Denmark. Price quotes in sterling appreciated as a stronger Euro ended the week up 1.01p at 83.92p.

Weaner Marketing Summary

w/c 17/04/22
The market continues to improve, albeit not back to fully functioning. The spectre of high feed costs remains and continues to discourage many fatteners back to the market. There was insufficient data for the AHDB to formulate any prices.
