### Slaughter Pig Marketing Summary

(Ref Weekly Tribune)

| This week   |
|---|
| <p>It was a frustrating week for producers, anxious to see prices improve, and enough pigs marketed to cover burgeoning bills. However, many processors commented on poor retail demand as the reason for low number allocations. It seems that we will only see significant price movement when slaughter numbers decrease. Thanks must go to all the retailers that are supporting our pig farmers, with Waitrose, Co-op and Tesco the latest to announce funding, but we fear that it is too late for many as production costs spiral ever higher. Demand in the fresh meat market steadied slightly due in part to a touch more import pressure but prices remained similar. The market for cull sows was quieter with exporters challenged by selling into an oversupplied market -volumes were lower as a result. European markets were stable except for Ireland which added 4 eurocents. Price quotes in sterling were further compromised by a weaker Euro that ended the week down 0.29p at 84.82p.</p> |

### Weaner Marketing Summary

| w/c 15/05/22   |
|--|
| <p>Demand remained weak, with little interest for anything outside contract arrangements. Fatteners are unwilling to commit without a guaranteed finished price agreement. There was insufficient data for the AHDB to calculate any prices.</p> |
