### Slaughter Pig Marketing Summary

(Ref Weekly Tribune)

This week
Demand was surprisingly subdued from many of the majors, decrying the obvious excellent barbecue opportunities encouraged by this current warm spell. Processor price contributions stood on, but other market fundamentals such as SPP – up 2.53p at 183.10p, helped to appreciate Q prices. The fresh market trade bucked the trend, encouraged by good footfall, and saw price improvements in most outlets. The cull sow market improved a penny due to currency, but European markets were described as awash with pig meat, but price quotes in sterling appreciated as a stronger Euro ended the week up 0.50p at 85.55p.

### Weaner Marketing Summary

w/c 12/06/22
Trade was minimal outside contract arrangements. Fatteners are few and far between. There was insufficient data for the AHDB formulate any prices.
