Slaughter Pig Marketing Summary

(Ref Weekly Tribune)

| This week |
|---|
| <p>The market was disrupted by two major breakdowns this week – one suffering a fire in a control room that rendered its butchery out of action. The hot weather suppressed pig growth, so, while entries for this marketing week were enhanced by rolled pigs, supplies were generally in harmony with a weaker demand. Processor price contributions stood on again, but prices improved, helped by another good rise in the SPP, up 1.98p at 193.09. The fresh meat market was more subdued as demand slumped in the record temperatures experienced countrywide. Cull sow numbers were a touch more plentiful, and prices improved a penny due to currency. European markets stood on and prices in sterling appreciated due to a stronger Euro which ended the week up 0.15 at 85.14p.</p> |

Weaner Marketing Summary

| w/c 17/07/22 |
|---|
| <p>Movements were limited to stock under contractual arrangements, with scant interest from fatteners for anything else. The current feed/slaughter price scenario does little to encourage participants back to the market. The AHDB announced a 7kg weighted average weaner price at £47.50, but no 30kg store pig quote.</p> |
