Holland	161.37	+ 2.16
Spain	193.20	+ 3.39

Slaughter Pig Marketing Summary

(Ref Weekly Tribune)

This week
<p>While the calendar noted a change in season and historically better trade for pig meat, demand remained lacklustre at best. It is hoped improvements will be seen when schools go back. Supplies were still tight and slaughter weights on the low side, with growth rates having been affected by the recent hot weather. Prices were a touch stronger on the back of market fundamentals, but processor contributions stood on. The fresh meat trade was little changed, but import pressure eased on the back of improved continental prices. Cull sow prices were 5p stronger on the back of better continental trade and favourable currency. European markets generally stood on but prices in sterling were enhanced by a stronger Euro that ended the week up 1.02p at 86.48p.</p>

Weaner Marketing Summary

w/c 28/08/22
<p>The market was subdued with little interest from fatteners. Little will change until costs reduce and/or finished prices increase. Supplies were therefore confined to regular contracted movements only. The AHDB issued a 7kg weighted average price at £48.65 but there was insufficient data to formulate a 30kg store price.</p>
