Slaughter Pig Marketing Summary

(Ref Weekly Tribune)

This week
<p>With only 9 full weeks remaining before Christmas, demand remained poor, as the major processors continue to blame difficult retail trading. Supplies are markedly lower leading to hope that a shortage may trigger price improvements. However, the poor uptake has dampened any price appreciation with all processors resisting any contribution increases. There were, however, small glimpses of hope in the fresh meat sector with better demand a feature. Coincidentally, the latest AHDB pork promotion starts this week – Feed the Family for Less. Retail activity is planned across 8 major supermarkets, and the campaign will be seen across TV, press and social media. Cull sows took a 5p knock on the back of poorer continental trade. European prices were lower with France and Holland quoting less, and pressure on all prices from a weaker Euro that ended the week down 0.56p at 86.82p.</p>

Weaner Marketing Summary

w/c 09/10/22
<p>There was little demand outside regular contract commitments. Raw materials remain volatile and uncertainty in the finished market leaves fatteners with little confidence. The AHDB issued a weighted average 30kg store price at £49.23, but there was insufficient data for a 7kg weaner quote.</p>
