Please do not hesitate to get in touch if you have any spare weaners or stores, a willing home can be found!

7kg Pig	£50.00- £55.00	£50.00- £55.00

Germany moved on again meaning processors here were prepared to put money in. Sow price also increased. Hot weather set to continue which is proving good for BBQ trade but wont be good for pig growth rates. Processors were keen to take more pigs but low numbers being offered to the market kept most outlets short.

Inflationary price pressures continue to affect everyone and with interest rates rising investment projects are being challenged. Everyone continues to monitor weather patterns and the Ukraine crisis to try and get a steer on the continued volatility for so many food items. Most businesses are still struggling with staff shortages even with some businesses announcing large redundancies.

The industry has been alerted to increased animal rights activity so please be extra vigilant. The correct signage is vital in these circumstances. If a farm doesn't have signage displayed at primary points of entry, police will treat it as trespass which is a civil offence as opposed to aggravated trespass which is a criminal offence.
