Weaner Pig Marketing Summary

Weaners and store pigs are still difficult to find with some buyers looking at other options to maintain future supply going forward.

Spot Weaner Prices (£/pig ex. farm)	w/c 27.08.23	Previous week
7kg Pig	£50.00- £55.00	£50.00- £55.00

The trade this week has been a tale of two halves. The smaller fresh meat outlets have been on the phone all week asking for extra pigs, with the opposite for the larger processors!

This combined with factory breakdowns has resulted in us having to roll a few loads of pigs out of the week.

With the SPP dropping 0.32p/kg the price is under pressure going forward into the next few weeks, however we believe this could be short lived as the holiday season comes to its conclusion and demand picks up again.

Germany stood on this week with cull sow price standing on as well, but notable lower number of sows on offer at the moment with reports of some sows heading for another parity rather than the cull wagon.
