## Weaner Pig Marketing Summary

Weaner and store markets – In addition to regular contract transactions, currently we're being offered a few more 8kg weaners, which are looking to find homes! Prices generally continue to remain consistent, it's worth giving TVC a call if you have some space and would like to discuss purchasing weaners.

Everyone feeling happier having seen some sunshine and grateful for the drying breeze. Sadly it has made little difference to the pig market prices all remaining very similar. Germany stood on again as did the rest of Europe reflecting a balance in demand and supply both here and abroad. Although due to exchange into sterling these record a slight increase. Ireland saw the biggest increase of the Europeans but that was only 0.04 Euros.

UK weights in most places seem steady and probes have just dropped a fraction. Everyone is looking forward to some warmer weather and the BBQs coming out which will hopefully drive demand.
