### Slaughter Pig Marketing Summary

#### This week

This week proved challenging with many processors experiencing staffing issues. This was compounded by the suggestion of an unofficial Monday Bank Holiday which put the jitters up some processors with a more disinclined workforce. Pigs were consequently rolled down the week as a precaution. Contract prices improved helped by a good rise in the SPP, up 1.39p at 158.96p. Demand was subdued however, by a shortage of staff and other factory problems. Supplies were plentiful bolstered by "refugee" pigs from direct suppliers. The fresh meat market eased off a touch with inclement weather blamed for poor highstreet sales, but prices stood on. The cull sow market was well supplied but prices were unchanged. European markets remained volatile with France and Spain seeing significant reverses. Prices quotes in sterling were compromised further by a weaker Euro that ended the week down 0.24p at 85.76p.

### Weaner Marketing Summary

#### w/c 04/07/21

Demand continued to struggle with little interest for any supplies outside regular movements. Prices were subdued as a result. The AHDB quote for a weighted average 7kg weaner was up 17p at £38.93 but there was no 30kg store quote.
