### Slaughter Pig Marketing Summary

(Ref Weekly Tribune)

| This week   |
|---|
| <p>There was little change this week, either processor sentiment or producer frustration. Number allocations were shockingly short again, not helped by reliability issues at a couple of majors. The backlog grows bigger and weights continue to increase. There is still no news regarding private aid to storage and little sign of foreign butchers rushing to work here. One major took a penny out of its contract contribution, but the SPP bounced back, up 1.87p. The fresh meat market remained troubled by the continued challenge of cheap imports. The cull sow market was well supplied as the number of herd clearances increases, but exporters had finite orders so there may be a small waiting list. European prices fell further in Spain, and the Euro ended the week up 0.12p at 84.49p.</p> |

### Weaner Marketing Summary

| w/c 24/10/21  |
|---|
| <p>The weaner and store market is now limited to contracted supplies, with little to no interest outside these arrangements. Some producers are now struggling to accommodate stock, but fatteners cannot be tempted at any price. There were no prices issued by the AHDB.</p> |
