Slaughter Pig Marketing Summary

This week

This week was cratered with inefficient factories caused by breakdowns and staffing issues. This had a knock on of rolled pigs into this trading week. Demand remained strong from most of the major processors and all pigs were placed. There was little improvement in supplies with most average weights trending lower. Contract price contributions stood on but contract prices increased on the back of other market fundamentals. The fresh meat market remained buoyant with decent demand reported from most outlets. The cull sow market stood on pricewise. European markets remained volatile with France and Spain seeing significant reverses. Prices quotes in sterling were enhanced slightly by a stronger Euro that ended the week up 0.05p at 86p.

Weaner Marketing Summary

w/c 27/06/21

Demand continued to struggle with little interest for any supplies outside regular movements. Prices were subdued as a result. The AHDB announced a weighted average 7kg weaner price at £38.76 but there was no 30kg store quote.
