### Slaughter Pig Marketing Summary

(Ref Weekly Tribune)

#### This week

Despite a number of public announcements from processors regarding improved numbers, the reality was very different. Although we protested, number allocations were derisory and showed no improvement over previous weeks. Producers are really struggling space wise and slaughter weights continue to breach new highs. Prices eased back again with both contract contributions and the SPP lower. Our consensus sees little change in this dire situation this side of Christmas. The fresh meat market remained challenged by cheap imports and prices eased again. The cull sow market was constrained due to a continental holiday so volumes required were limited. European markets stood on and prices in sterling were enhanced by a stronger Euro that ended the week up 1.05p at 85.54p.

### Weaner Marketing Summary

#### w/c 24/10/21

The weaner and store market has contracted further, with some contracted supplies now backed up. There is no spot market as fatteners shy away from exposure to high feed costs and a very uncertain slaughter market. The AHDB announced a 7kg weaner weighted average price at £33.68 but there was no quote for a 30kg store.
