Slaughter Pig Marketing Summary

This week

There was no improvement in the processing sector with staffing issues at the forefront of curtailed throughputs. The backlog on farm continues to grow, with some producers now feeding holding diets in an attempt to delay growth. Average weights are increasing and space is becoming critical on some units. Contract prices trended lower resulting in some adverse producer comment. Fresh meat markets had a quieter week than of late and prices eased 1p – 2p as a result. Cull sows stood on, reflecting a welcome stability in the German market. Elsewhere in Europe, Denmark was the largest faller, down another 5.5 eurocents. Price quotes in sterling were enhanced slightly however, by a stronger Euro that ended the week up 0.25p at 85.09p.

Weaner Marketing Summary

w/c 08/08/21

Demand was limited to contract supplies with little or no interest for anything else. The current backlog in the slaughter pig market is starting to severely disrupt some weaner movements. The AHDB issued a quote for a 7kg weaner at £41.18, but there was no price quote for a 30kg store pig.
